PEPTIC ULCERS IN YOUNG PEOPLE. [1961] [6]p.
Order from OTS or SLA \$1. 10 62-15335

Trans. of Klinicheskaya Meditsina (USSR) [1956]
v. 34, no. 4, p. 35-38.

DESCRIPTORS: *Peptic ulcers, Age, *Therapy,
*Surgery.

Peptic ulcer disease in the young tends not to yield to conservative management and there is a great frequency of complications. The indications for surgery in the youthful peptic ulcer patients should be the standard ones, not narrowing them because of youth. The end results of gastric reactions performed on youthful peptic ulcer patients are good. (Author)
